

A world of solutions

Spinal Injury can, in many cases, have serious mobility consequences in the domestic environment not only for the person suffering the condition but also for carers, often these will be other family members.

The challenges may include comfortable seating which can vary in shape from day to day if required, stairway management and powered assistance for wheelchairs to promote optimum activity at home and out and about.

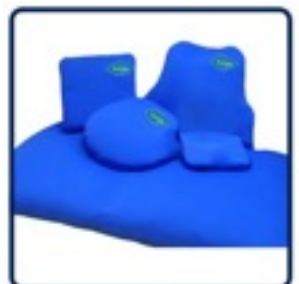

To meet stairway challenges both in and out of home

Add-on power assistance for your wheelchair

For perfect seating and posture
